Annex B

Cluster A : Technical Assistance and Capacity Building

Draft Agreed Proposals

1. To assist Member States to develop and improve national IP institutional capacity through further development of infrastructure and other facilities with a view to making national IP institutions more efficient and promote fair balance between IP protection and the public interest. This technical assistance should also be extended to sub-regional and regional organizations dealing with IP.

2. To assist Member States to strengthen national capacity for protection of domestic creations, innovations and inventions and to support development of national scientific and technological infrastructure, where appropriate, in accordance with WIPO’s mandate.

3. To further mainstream development considerations into WIPO’s substantive and technical assistance activities and debates, in accordance with its mandate.

4. WIPO’s legislative assistance shall be, inter alia, development-oriented and demand-driven, taking into account the priorities and the special needs of developing countries, especially LDCs, as well as the different levels of development of Member States and activities should include timelines for completion.

5. Within the framework of the agreement between WIPO and the WTO, WIPO shall make available advice to developing countries and LDCs, on the implementation and operation of the rights and obligations, and the understanding and use of flexibilities contained in the TRIPS Agreement.
Annex B
Cluster B: Norm-setting, Flexibilities, Public Policy and Public Domain
Draft Agreed Proposals

1. In its activities, including norm-setting, WIPO should take into account the flexibilities in international IP agreements, especially those which are of interest to developing countries and LDCs.

2. To urge the IGC to accelerate the process on the protection of genetic resources, traditional knowledge and folklore, without prejudice to any outcome, including the possible development of an international instrument or instruments.

3. To initiate discussions on how, within WIPO’s mandate, to further facilitate access to knowledge and technology for developing countries and LDCs to foster creativity and innovation and to strengthen such existing activities within WIPO.

4. To promote norm-setting activities related to IP that support a robust public domain in WIPO’s Member States, including the possibility of preparing guidelines which could assist interested Member States in identifying subject matters that have fallen into the public domain within their respective jurisdictions.

5. WIPO shall conduct informal, open and balanced consultations, as appropriate, prior to any new norm-setting activities, through a member-driven process, promoting the participation of experts from Member States, particularly developing countries and LDCs.

6. WIPO’s norm-setting activities should be supportive of the development goals agreed within the UN system, including those contained in the Millennium Declaration.

The WIPO Secretariat, without prejudice to the outcome of Member States considerations, should address in its working documents for norm-setting activities, as appropriate and as directed by Member States, issues such as: a) safeguarding national implementation of intellectual property rules b) links between IP and competition c) IP-related transfer of technology d) potential flexibilities, exceptions and limitations for Member States and e) the possibility of additional special provisions for developing countries and LDCs.

7. To consider how to better promote pro-competitive IP licensing practices, particularly with a view to fostering creativity, innovation and the transfer and dissemination of technology to interested countries, in particular developing countries and LDCs.
Annex B
Cluster C: Technology Transfer, Information and Communication Technology (ICT) and Access to Knowledge
Draft Agreed Proposals

1. To include discussions on IP-related technology transfer issues within the mandate of an appropriate WIPO body.

2. WIPO should cooperate with other intergovernmental organizations to provide to developing countries, including LDCs, upon request, advice on how to gain access to and make use of IP-related information on technology, particularly in areas of special interest to the requesting parties.

3. To undertake initiatives agreed by Member States which contribute to transfer of technology to developing countries, such as requesting WIPO to facilitate better access to publicly available patent information.

4. To have within WIPO opportunity for exchange of national and regional experiences and information on the links between IP rights and competition policies.
Annex B

Cluster D: Assessments, Evaluation and Impact Studies
Draft Agreed Proposals

1. To exchange experiences on open collaborative projects such as the Human Genome Project as well as on IP models.

2. Upon request and as directed by Member States, WIPO may conduct studies on the protection of intellectual property, to identify the possible links and impacts between IP and development.

3. To strengthen WIPO’s capacity to perform objective assessments of the impact of the organization’s activities on development.
Annex B
Cluster E. Institutional Matters Including Mandate and Governance
Draft Agreed Proposals

1. To consider how to improve WIPO's role in finding partners to fund and execute projects for IP-related assistance in a transparent and member-driven process and without prejudice to ongoing WIPO activities.

2. In accordance with WIPO's member-driven nature as a United Nations Specialized Agency, formal and informal meetings or consultations relating to norm-setting activities in WIPO, organized by the International Bureau, upon request of the Member States, should be held primarily in Geneva, in a manner open and transparent to all Members. Where such meetings are to take place outside of Geneva, Member States shall be informed through official channels, well in advance, and consulted on the draft agenda and program.
