

Swiss Proposal of an alternative Article 2 and an Annex to the Standards Terms and Conditions for Transfers of WHO PIP Materials:

(Version as of 11.5.2010; 11am)

2. Recipient of the WHO PIP Materials shall :

- Participate in the solidarity mechanism as described in the annex
- Provide information to WHO about further transfers of these WHO PIP Materials, including all relevant information regarding the identity of such recipients
- Encourage the publication of the results of any research in scientific publications and in the event of publication, to coordinate with WHO to ensure acknowledgment of the contribution of the appropriate WHO Network institutions.

Annex:

The solidarity mechanism consists of a contribution of 0.X % of revenues from the sale of seasonal vaccine and X % of revenues from the sales of pre- and/or pandemic vaccine

OR

a combination of one or several of the following on the basis of a mutual arrangement between the recipient and WHO such as:

- donation of pandemic vaccines
- donation of pre-pandemic vaccines
- transfer of technology
- capacity building
- granting of sublicenses to WHO
- financial contribution To WHO pandemic preparedness and response activities
- donation of antiviral and / or medical devices
- logistics
- support of surveillance systems

In the "Pandemic Influenza preparedness framework for the sharing of influenza viruses and access to vaccines and other benefits" a description of the following elements should be added:

- guiding principles to be applied by WHO in the negotiations with industry (what combination of technology transfer, donations and other elements should be aimed at)
- modalities of the management of the received finances within WHO under its rules
- how these activities are interacting / integrated with existing activities such as the GAP
- the role of voluntary contributions from Member States and other sources
