B. Convention on R&D

Conference	Convergence	Divergence
<p>1 Kenya paper</p>	<p>Decide to establish an Intergovernmental Negotiating Body to develop the WHO Convention on Research and Development Financing and Coordination taking into account the CEWG recommendations, in particular the strengthening and securing sustainable funding to address identified R&D priorities of developing countries; promoting R&D in diseases that disproportionately affect developing countries; delinking R&D costs and prices of products; enhancing innovative capacity of developing countries and technology transfer; generating R&D outcomes as public goods and strengthening R&D coordination mechanisms all predicated on five key principles of: 1. Knowledge...and 5. Access to affordable....and universal coverage</p>	
<p>2 Switzerland</p>		<p>Not indicate in Conf Paper Wednesday 23 May 2012: verbally said neither yes nor no</p>
<p>3 UNASUR</p>	<p>Decide to promote and incentivize the development of the proposal recommended by CEWG whereby Member States would set in motion a process to negotiate a binding agreement and resolutions on research and development to satisfy the needs of developing countries, in accordance with the provisions of article 19 of the Constitution of WHO, the essence of which would be to stimulate and prioritize science, technology and innovation in a less asymmetrical manner and would address the issue of access to medicines, in accordance with the Global Strategy on Public Health, Innovation and Intellectual Property.</p>	
<p>4 US et al</p>		<p>Not indicate in Conf Paper</p>
