Nigeria Proposal to the Africa Group Addressing the
Berne Gap and Concerns raised by the US
Presented on June 22, 2013, AM Session

Any Contracting Party which is not a member of the Berne Convention/relevant international treaties and which, upon becoming a member if this treaty permits its authorized entities to re-distribute accessible format copies received pursuant to Article D shall ensure, consistent with its own legal system and practices, that it does so only in certain special cases that do not conflict with the normal exploitation of the work and do not unreasonably prejudice the legitimate interests of the author/right holder. This obligation is without prejudice to the rights and obligations regarding exceptions and limitations contained in the Berne Convention and the WCT, and shall not establish an obligation for a Contracting Party/Member State to ratify/accede/join either Treaty.
