

### **PROPOSALS as of 4 p.m.**

1. Practices and operation of alternative dispute resolution systems in IP areas: continue
2. Preventive actions, measures or successful experiences to complement ongoing enforcement measures with a view to reducing the size of the market for counterfeit or pirated goods: continue
3. Exchange of information and national experience on WIPO's enforcement-related technical assistance to build respect for IP, including legislative and administrative assistance  
  
which helps to prevent the abuse of IPR enforcement procedures and to use the flexibilities of the IP system,  
  
while taking into account the different socio-economic realities and the diversity and particularities of different legal tradition of each country.
4. Exchange of information and national experiences on awareness building activities as a means for building respect for IP, especially among school aged children and students, in accordance with Member State's educational priorities
5. The specialization of the judiciary and intellectual property courts: to remain on the table for future consideration
